# ABOUT US

**GRUPO VICOM** coordinates and strengthens the operations of its companies: Vicom Inspección and Vicom Maquinados, by unifying quality standards, regulatory compliance, and customer service.

In addition to the services provided by our specialized units, we offer complementary solutions such as oilfield pipe rental, providing our clients with flexible, safe, and efficient alternatives for their projects.

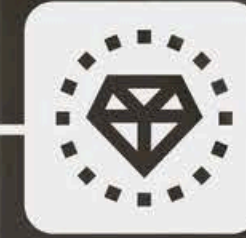

# MISSION

To provide comprehensive, specialized, and high-quality industrial services that enhance our clients' safety, efficiency, and productivity supported by cutting-edge technology, qualified human talent, and continuous improvement.

# VISION

To be the leading industrial services group, recognized for innovation, operational excellence, and the ability to deliver comprehensive solutions that boost our clients' competitiveness and productivity.

# VALUES

Professionalism

Efficiency

# GROUP COMPANIES

## VICOM MAQUINADOS

Specialists in precision machining, custom manufacturing of special parts, and tailored industrial solutions. Our technical expertise and state-of-the-art machinery enable us to respond swiftly.

### SERVICES

- Oilfield connection turning services.
- Manufacturing of tools according to specifications.
- Maintenance of industrial components.

# GROUP COMPANIES

## VICOM INSPECCIÓN

Experts in technical inspection, non-destructive testing (NDT), quality control, and material integrity. We ensure that every component meets the highest industrial and regulatory standards.

### SERVICES

- Ultrasonic inspection, liquid penetrant testing, and magnetic particle testing.
- Welding and material verification.
- Monitoring of rented tool connections.
- Dimensional control.

## WHAT SETS US APART

- Technical and operational expertise in strategic industries.
- Corporate synergy that enhances the efficiency of every project.
- Comprehensive solutions: inspection and machining.
- Oil pipe rental options with full technical support.
- Commitment to quality, safety, and continuous improvement.
